

STARTING PLANTS FROM SEEDS AND CUTTINGS

We are honored to have Eileen's expertise for the first class of the season.

Wednesday February 22nd 10 a.m.-1:30 pm

with Eileen Stephens

Grow beyond impatiens and marigolds- try something unique by growing your own plants from seed and cuttings! Eileen Stephens, the "Phlower Lady," of Green and Gold in Earlysville, VA has produced cut flowers for sale at the Charlottesville City Market and to local florists for over twenty years. For ten of those years she also sold bedding plants, perennials and heirloom vegetable seedlings by individual subscription. Eileen will show and tell when and how to start seeds of those wonderful heirloom tomatoes and unusual herbs. Try your hand at multiplying that favorite biennial, perennial or shrub by learning skills for starting plants from cuttings. Tips for working with the appropriate soil mediums, light, ventilation and temperatures will insure you success in the future.

You will go home with a variety of new plants for your garden.

Please dress warmly and bring your favorite clippers and gloves.

Catered lunch is included in fee.

Fee: \$65
